**From Brand: Interlink Pub Group Inc : Palestine: A Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised Palestine: A Guide:

23 of 26 people found the following review helpful. Rich land and people By C. Markey Palestine is a thick and juicy travel book. It is rich in the arts, in architecture, in culture. It is a journey through history, through the land and the people of Palestine and Gaza - with an array of visual feasts in Azar's photography. If you have never been to these places, this book will give substance to sound bites and media clips, and may entice you to look more closely. If you enjoy photography, travel, cultural studies, literature, conflict studies, cooking, textiles, or dancing this is the perfect

book for you. The appendices are full of information for travel as well as a listing of hotels and restaurants, as well as resources for refugees (and others) including NGO's and local community organizations. Palestine a Guide is more than a travel book. It is a book of love and beauty. 0 of 0 people found the following review helpful. Read it. A wealth of info and beautiful pictures. By R.L.D. A very nice book with lots of history and beautiful pictures. I thought it could have used a few more maps, but the main reason I dropped it a notch was, it definitely does have a bias that comes out on a number of occasions. I agree that the Palestinians have been given a number of very raw deals by Britain, France, the US, UN, ; but I wasn't really expecting much of that to be in the book. Maybe I was naive in thinking that. 2 of 2 people found the following review helpful. Awesome. By FSShahin's words and Azar's photography make this book a treasure. They follow every day Palestinians, Palestine's historical past, and their present. A wonderful book on the culture, history, and narrative of Palestine and Palestinians.

This remarkable tour through the historic Palestinian homeland is guided by some of the country's most gifted writers, journalists, academics, and photographers. Intimate and honest, this book offers an insider's key to understanding the Palestinians and their relationship to their homeland, past and present. Full-color photos.

"Hugely impressive... deeply researched, written with flair and passion, and enriched... with Azar's beautiful photography." -- The Independent  
"Valuable... A resource for readers seeking information about the cultural, social, and geographic character of Palestine..." -- Library Journal  
About the Author: George Azar has covered the Middle East and Arab/Islamic culture for over two decades. He is the subject of the Emmy Award winning CBS television feature "Beirut Photographer" and the photographer/author of the critically acclaimed book Palestine, A Photographic Journey. His photographs and stories have appeared in books, newspapers, magazines, and on television worldwide.
