Too old. That fact was not given. Worthless information. If it has been up to date it would have been okay. 0 of 2 people found the following review helpful. Great book for us tourists! By Marblehead I'd recommend this book for all who plan to visit this lovely but fast developing island! 1 of 1 people found the following review helpful. OK Info, Same as older version By Jacob Masterson I've been to Maui several times with my kids. The first time I went, I took along the 10th Edition of this book, and enjoyed the insights it provided. The 11th edition has a new author listed, but is nearly word-for-word the same as the old edition. If you're looking for a new perspective, pass on this book and borrow an older version from your library.
