Friedhelm Angersbach : Paraguay before purchasing it in order to gauge whether or not it would be worth my time, and all praised Paraguay:

5 of 5 people found the following review helpful. Not your ordinary travel book By A Customer Lots of maps, even street maps, lots of pictures, back cover is a scene of horses grazing against a background of giant palm trees. Interesting, short presentations of the history and the culture of Paraguay. A book to be studied before you go, and

definitely to be carried in your luggage.4 of 7 people found the following review helpful. All About PARaguayBy Dr. G. L. BoarinoA truly disappointing "travel book": contains no meaningful information on bus, train, boat travel (more particularly routes, schedules and costs), does not provide a hotel rating system and tariffs, no detailed info. on eateries, and there is no attempt at a detailed index; additionally, I found the book with its glut of pastel colors and advertisements to be garish. Another item to make it less user-friendly is its tri-lingual approach.3 of 4 people found the following review helpful. The best Travelbook from ParaguayBy A CustomerI didnt find better informacion from Paraguay

Rare book: Price in USD
