None of the maps go to Lee's Ferry so if your doing one of the many thru hikes you would need to supplement this book with other maps. The font used is huge and covers up details on the map, as well as it looks like someone just took the topos of USGS website and attacked them with MS paint to add unnecessarily large lines on the water. Look somewhere else for a better map.0 of 5 people found the following review helpful. Five StarsBy Gus ScottLots of good maps.

Joe Berardi has updated his Paria River Slot Canyon Atlas for 2015. The 2015 edition is now a comprehensive collection of topographical maps covering the Paria River drainage. Topographical maps are required by any hiker attempting to hike the remote and rugged slot canyons of the Paria Canyon Vermillion Cliffs Wilderness region. The

custom detailed maps make finding and hiking these great slot canyons much easier and the maps have key GPS coordinates for finding the trailheads or the canyon entrances. This book of maps eliminates the anxiety of trial and error hiking to find some of the best slot canyon adventures in the United States. This atlas eliminates the need to buy multiple 7.5x7.5 quad maps for a single hike and pays for itself by not having to buy multiple high resolution maps. The author has wrestled with large maps on a windy day and has produced an atlas that is a pleasure to use out on the trail. The featured canyons in this book are: Buckskin Gulch, Bull Valley Gorge, Cottonwood Narrows, Lick Wash, Paria River, Round Valley Draw, Willis Wash, Wire Pass Wash, Slickrock Bench, Booker Canyon, Death Valley Draw, Hackberry, Hogeye, Kitchen and Starlight Canyon This book makes an excellent map supplement to the authors Slot Canyon Hikes Adventures 3 or Utah Slot Canyons books and or any other hiking books for this area.
