Larry Lain : Paris for Families (Family Travel Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Paris for Families (Family Travel Guides):

Written with an emphasis on value for money and on entertainment and enjoyment for all ages, this guide is packed with all the essential information needed for a family trip to Paris. Itineraries of various lengths are included.

""Paris for Families is replete with ready-to-use, simple-to-understand information garnered from years of personal experience. Lain presents the facts, adds a dash of fun and cooks up the perfect recipe for a family-friendly holiday."
