Assouline : Paris before purchasing it in order to gage whether or not it would be worth my time, and all praised Paris:

5 of 6 people found the following review helpful. Primo daydream material! By T. Hickman Just got this book and have only been through it once. I'll go back again and again, because I'll probably never get to actually visit Paris. The aforementioned out-of-focus photos do exist but for my purposes they are not troubling. A couple of two-page spreads annoyingly place the center of attention right on the crease. But it still gets 5 stars from me. I love the writings, too. ETA: I was wrong! I just got back from my second vacation in Paris in 5 years! Having this book to daydream over and reminisce is even more of a treasure than ever. 7 of 8 people found the following review helpful. Paris--A pictorial heaven By K. Ashley Hunnicutt As they say on ebay, Buy it now! I spotted this book in a display at Saks, tried to purchase it there, only to find that I had to buy the whole library and bookshelves that went with it. So instead of the

\$48k, I bought it at alone. I am a lover of all things Parisian and this book is just breathtaking. Assouline lives up to his reputation. The photos are incomparable to anything I could snap with my didgital camera on vacation last spring.2 of 3 people found the following review helpful. Two StarsBy RioguymedItem didn't come with the cover box.

Moving beyond the postcard views of Paris that typically define the city of lights , this volume offers a contemporary photographic tour that captures the spirit of today s Paris. There are the monuments, of course. But there are also the streets, gardens, hotels, galleries, interiors, theaters, cafes.... each plays a role in this popular, lively, and historically chic city . Punctuated by an eclectic selection of quotes and anecdotes from such astute Parisian observers as Colette, Jean Cocteau, Henry Miller and Alain Ducasse, PARIS conjures up the mood and spirit that animates each quarter and turns each and every reader into a true Parisian.
