A humorous and revealing guideBy Erica SingerThis succinct, highly readable guide to understanding Israeli culture and dealing with Israelis in business and social contexts makes observations solidly supported by academic research on the subject. Topics range from negotiating with Israelis to hot-button issues like religion and politics. The bibliography of books and Internet sites provides additional resources for those who want to know more. A must-read for Americans seeking successful intercultural communication with Israelis, whether in the U.S. or Israel.2 of 2 people found the following review helpful. Good, Practical infoBy A. D.
