From Brand: Hammond : Past Worlds: The Times Atlas of Archaeology before purchasing it in order to gage whether or not it would be worth my time, and all praised Past Worlds: The Times Atlas of Archaeology:

0 of 0 people found the following review helpful. DisappointedBy Mark D. HornbogenI was disappointed by this book. I was expecting maps that showed the ancient areas of kingdoms. This has drawings of sites generalized discussions. I bought a book Chris Scarre wrote on roman emperors and it was just what I needed. This was a surprise.0 of 0 people found the following review helpful. Past WorldsBy BLSThis isn't a new book, but it's still a tremendous reference resource. The information is organized that makes finding desired information quick and easy.0 of 0 people found the following review helpful. Five StarsBy Weldon R SheltonDelivery was very quick, book was just as described

An archaeological reconstruction of the human story, using hundreds of maps, illustrations, photographs and reconstructions of ancient sites. As well as examining the well known classical civilisations, it looks at the obscure and mysterious, such as the pyramid temples of the Yucatan.
