Even with its difficulties, she shows that there is so much to learn from the country and so much to see. It is very spiritually uplifting. I have had the pleasure of seeing the land through the writer's eyes and would recommend anyone who wanted a unique experience that includes a full appreciation of the land to contact Miriam Feinberg to be your guide. If that is not possible, read the book and dream!3 of 3 people found the following review helpful. Refreshing, profoundly deep, inspiring a new love for IsraelBy georjean allenbachThis book combines a deep knowledge of the Scriptures plus a touching love for the Land of Israel. Many who read it will want to see the Land the author is so inspired to write about and may even have the opportunity to meet her (licensed guide as well as a master of words), as she is a most reliable source of information for the tourist. Ask for her to lead your group through Sar El Tours, Jerusalem!

This is the chronicle of an inward journey toward greater faith. Each chapter touches on an individual facet of the Land of Israel and its relationship to the Bible; each a milestone on the path toward recognition of the vitality and truth of scripture, through an ever deepening understanding of the Land which inspired it. 16 pages of beautiful color photos!
