**Farley Mowat : People of the Deer.[A history of the Ihalmiut Eskimos].** before purchasing it in order to gage whether or not it would be worth my time, and all praised People of the Deer.[A history of the Ihalmiut Eskimos].:

0 of 0 people found the following review helpful. A book that changed my family.By Lovejoysgirl!This was one of the first grown up books my mother read me. After that I read it myself numerous times. I felt like I was from Alaska myself. This year my grandson married and moved to Anchorage. I asked his brides aunt how accurate this book was. She said it was very accurate. My grandson received a down comforter and a copy of this book. My great uncle gave it to my mother, my mother gave it to me, I gave it To my son. See what a book will start!0 of 0 people found the following review helpful. You will be captivated by this book!By Pat M.This story is timeless. I first read it as a teenager and was enthralled by Mowat's description of the caribou's quest for survival and their symbiotic relationship with a little-known Eskimo tribe. Beautiful story in every respect and powerfully written!0 of 0 people found the following review helpful. Four StarsBy Vernon ShawGood book
