National Geographic Society (U. S.) : Peoples and Places of the Past: The National Geographic Illustrated Cultural Atlas of the Ancient World before purchasing it in order to gage whether or not it would be worth my time, and all praised Peoples and Places of the Past: The National Geographic Illustrated Cultural Atlas of the Ancient World:

0 of 1 people found the following review helpful. Cool. :)By Magna GoldenbergI love this book. read one at a friend's house. :)7 of 8 people found the following review helpful. Interesting, but not to the Magazine standardBy A CustomerThis big format book failed short of my expectations. It contains varied information but lacks the quality of the Magazine photography. It covers new and ancient world alike, but I found information rather superficial and detail sometimes obscures the big picture.When compared to other books, like The Times Atlas of Archaeology , it comes second place. Book names are not alike, but scope of coverage is similar.Maybe young readers will like it best than adult ones. Drawing and pictures are big in size.I'm not saying its a bad book, but that it couldn't retain my attention. After going through it, seldom if ever I have come back to look for more information.

Peoples and Places of the Past: The National Geographic Illustrated Cultural Atlas of the Ancient World -- This has
