I always assumed it was self-published.Anyway, it's a gentle early-'New Age' reflection on being alive and realizing that everything is, in its own way, perfect. The author is a Vietnam veteran and world traveller who goes hiking (apparently regularly) through the Andes with his brother.I'm not going to call it great, but it's a very pleasant, short read written from a loosely counter-cultural point of view. Wish I knew more about the authors...0 of 0 people found the following review helpful.
