Ella Constance Sykes : Persia and its people before purchasing it in order to gage whether or not it would be worth my time, and all praised Persia and its people:

1 of 1 people found the following review helpful. Daily life in Persia - just what I wantedBy sisterHaving spent many months looking for a book which discusses daily life in Persia rather than direct history ie wars, invasions, I was delighted to discover this gem. This book is a treat. Written by an English woman traveller in 1910 it discusses and describes daily life in an easily accessible yet detailed manner. She begins with an overview of history, and style of government, which sets the scene. It then progresses to chapters including amongst others: The Persian Man, The Persian Woman, a Persian city, Travel, Country Life, Fauna and Flora, Antiquities, Sport, Amusements, Poets, Arts and Craft, Superstitions and Medicine. The book includes 20 historical photographs and a regional map. I am thoroughly enjoying this book, and recommend it for anyone with an interest in social history.

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.
