My great great grandfather wrote this book on account of his ...By CustomerMy great great grandfather wrote this book on account of his experiences in Persia and coming over to the States and Canada for his mission. He changed his name to Adams when immigrating through NY, to try and assimilate. I'm thankful for this book, those that printed it and still read it to this day.2 of 8 people found the following review helpful. Nothing But A Giant HoaxBy Wulf RichardsonThis has got to be one of the worst attempts at

ethnography by a supposed native (yeah, like 'Adams' is a really Persian surname) that I have ever read. The author lies throughout the entire book. He claims to have been raised in a Nestorian Christian community in Persia, but to have never been exposed to the Bible except through an outsider(!). He is obviously completely ignorant of the Qu'ran, which he never quotes, but that doesn't stop him from making the most outrageous statements about Persian culture and claiming that "The Koran [sic] tells them to do it." He claims that the peoples' inherent fatalism prevents them from seeking remedies against disease, as that disease is supposed to be due to the will of God, then in the very next paragraph he goes on about how ignorant and ineffectual the remedies of the local doctors are! Such bald-faced duplicity is due to the massive axe Adams has to grind. The entire book is devoted to how ignorant and savage the people of Persia are, combined throughout with desperate pleas for aid to the missionary efforts there. Save your money. If you insist on tormenting yourself by reading this drivel, get the free version on Google.

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.
