Thomas Edward, Sir, 1832-1914 Gordon : Persia Revisited before purchasing it in order to gage whether or not it would be worth my time, and all praised Persia Revisited:

0 of 1 people found the following review helpful. I just don't grab the point of this bookBy kpBasically it is a traveller regaling readers with his views (and culture and history) of points along a journey to Persia. The book utterly failed to grab me, and (rather than waste my precious time) I gave up reading it and moved on to my next book.
