Still fascinates me.2 of 2 people found the following review helpful. Interesting and very detailedBy Shirley SacksHaving read a biography of Sir Richard Burton, I wanted to read something he wrote himself. He isn't the best writer ... or rather it's very over detailed and of course, seeing as it was written long ago, it doesn't flow that much. But this is one of the world's most fascinating characters and if you want to know more about Islam as it was (and still is), in Mecca ... it's worth looking into.0 of 0 people found the following review helpful. If you love history, read thisBy Marcia YiapanTrenchant observations and clever wit from a young man who risked his life to visit Mecca in disguise. If you love history, read this.
