Ben Box, Steve Frankham : Peru, 6th (Footprint - Travel Guides) before purchasing it in order to gage whether or

not it would be worth my time, and all praised Peru, 6th (Footprint - Travel Guides):

Peru is the heart of the Andes and home to the driest desert in the world. This is the only guide for free-spirited travellers who want to get beyond both the Gringo and the Inca trails with detailed accounts of the best off-the-beaten-track sites. Activity-packed for thrill-seekers visiting the country, Footprint Peru takes you surfing, white water rafting and trekking through the heart of this fascinating land. With a comprehensive background section detailing all you need to know about the ancient culture and history of Peru, this guide also takes travellers off the beaten track to find wildlife sanctuaries, the source of the Amazon, pyramids, condors and the famous Inca Trail
