**From William Collins Sons Ltd : Peru, Bolivia Ecuador Map (Independent Travel Series)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Peru, Bolivia Ecuador Map (Independent Travel Series):

A detailed physical map with hillshading and layer colouring showing the main transportation links and tourist features of Peru, Bolivia and Ecuador. The area covered extends from the Pacific coast in the west to the Andes and the Brazilian border in the east and to Chile and Argentina in the south. A transport links map and distance chart is provided along with a comprehensive place name index on the reverse of the sheet. City maps of Lima, La Paz and Quito are included.
