a random collection of things to do / see /eat / ..in Peru, with only a few lines to describe each recommendation. Some tips are pretty useless (ex: one entire section is dedicated to "eat tamales"), some could be useful. There are no details, no addresses, no pictures, no indexes, no maps to see where the recommendations are so it will take time to map any information to the places you want to visit.0 of 0 people found the following review helpful.
