Good Information For Planning Your Peru Tour By Stephanie It is a good book giving you a good idea of what to see and expect in Peru. I have always been a fan of travel books because they help you so much in planning your tour and deciding which places are not to be missed and where you need to go to save the disappointments. The book provides detailed information about Machu Picchu which it claims to be part of the seven wonders of the modern world. The book does a good job of creating a lot of curiosity for Machu Picchu. Besides there is good information about the kind of tours you can go for in Peru with what you can expect in each of these. Good Effort ! 3 of 3 people found the following review helpful. A decent book By Amanda Frey This book is a good introduction for readers interested in the history of the people and their customs of Machu Picchu. Overall, it is informative and including some good suggestions for travelers. However, I would prefer to more in-depth guide in terms of transportation, hotel and foods in this book.
