Ph Beaud : Peruvian Andes: Cordillera Blanca before purchasing it in order to gage whether or not it would be worth my time, and all praised Peruvian Andes: Cordillera Blanca:

6 of 6 people found the following review helpful. Peruvian Andes, Ph. BeaudBy Charles ClaudeThe book gives accurate information concerning select climbs of the Peruvian Andes in three languages (French, english and spanish) from the standard trade routes to classical more demanding routes (such as the route by J.Bouchard and also gives a very good description of the 5400ft high North Face of Huascaran Norte, Paragot Route). Too bad my previous copy was stolen by a french group in Huaraz.

100 Extreme technical climbs in the Peruvian Andes+ additional 40 treks. Text is in English and Spanish and French with maps of ascents.
