**Anthea Peries : Pictures of Peru (South America)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pictures of Peru (South America):

0 of 1 people found the following review helpful. Really? You call this a book?By Eric HinrichsAbsolutely the worse thing I have bought. It is not even worth calling it a book. The author's name is not even on the cover, but then it is a stretch calling her an author. This is just some pictures- one to a page- with no captions, nothing explaining the pictures, and no text at all. The picture quality is even bad.
