An Italian necessity!!By DonI can't imagine traveling in Italy without having read this book and keeping it handy all the while!0 of 0 people found the following review helpful. The details of toll booths and gas stations alone make useful. But the real payoff is the descriptions of ...By OldScholarThis book is an invaluable resource for those who want to visit Italy and see more than the major tourist sights. The details of toll booths and gas stations alone make useful. But the real payoff is the descriptions of sites and food. Travellers really enjoy the food they eat, always fresh and unique to locations. John has given us a practical guide with extremely useful and occasionally very funny experiences. Five Stars*****!0 of 0 people found the following review helpful. An Italian journeyBy Courtney TThis was a very enjoyable and educational book on Italian travels told through a very personal collection of stories. While entertaining and humorous, it also provided great tips and suggestions for future Italian travelers. And I picked up some great Italian language along the way.

Have you always wondered what it would be like to brave Italy's autostrada, steer the Amalfi Coast's twists and turns, or carefully maneuver a medieval village's streets, narrow as a strand of fettuccine? Have you already done it and want to commiserate? Or would you simply love some tips and advice for an upcoming trip on which you will be driving in Italy? No matter your Italian driving experience level, Pit Stops, Pitfalls, and Olive Pits puts you in the passenger seat next to John Tabellione, a writer who has logged thousands of kilometers in Italy from Bologna to Palermo. With insight, candor, and a good dose of humor, Tabellione shares his experiences from navigating the car rental process and facing tour buses head-on to conquering Italian toll booths and filling up the tank on Sundays. You'll enjoy stops in major tourist destinations like Rome and Florence and also get a flavor of lesser known areas, including Abruzzo and Calabria. Tabellione's long-lost Italian relatives even make a cameo via a storybook family reunion. Pit Stops is your literary license to enjoy driving escapades throughout scenic Italy, so let's get this thing in gear and get moving!
