William Guest : Places You Want to Go before purchasing it in order to gage whether or not it would be worth my time, and all praised Places You Want to Go:

'Places You Want to Go' revels in the excitement of travel to and experiences of being in four of the Earth's most wonderful places. Writing while in the midst of his journeys, with fresh, rich and oftentimes poetic language, William Guest offers readers the experiences of travel to and enjoying the destinations. These four high profile places are the Antarctic, the Arctic, Peru including the Amazon Basin and Cusco, and the Yeats Poetry Festival in Sligo, Ireland. With the abundant color photographs and Guest's thoughtful comments, readers can easily journey vicariously to four amazing parts of our planet.
