looking for a great place to play. We recently moved to the SF Bay Area. After a year we only found 3 good playgrounds: Golden Gate, SF Zoo, and Frontierland. Now we have hundreds of options. We like the easy to read key which tells you in a glance if there is parking, bathrooms, fenced/gated play area, stroller friendly, has structured programs, requires walking up a steep hill, and may be cold or cloudy. 0 of 0 people found the following review helpful. Almost good enough

There was a lot of good information here. It would definitely be a life saver if I was moving to the Bay Area. I got this book because we were traveling for a visit. The information it was lacking was Parking! It doesn't do me any good to know where a park is and what's there if I have no idea if I'll be able to park! I could have used some guidance there. 0 of 0 people found the following review helpful. ... a gift to my sister in law and she loved it. Her and her family just moved to ...

I gave this as a gift to my sister in law and she loved it. Her and her family just moved to the Bay Area and said it was perfect for exploring their new surrounding area.

This is the number one guide for advice on where to go, when, why, and how from mothers who have tested every location for great outings in the Bay Area. Developed by the San Francisco Mothers of Twins Club, *Play Around the Bay* gives you everything a parent needs to know straight from their own experiences, multiplied by two! This book provides a directory of parks, playgrounds, zoos, museums, nature walks, and other activities for children under the age of six.
