practical for meBy William KrimmMore detail than I wanted for a three week stay. Interesting but not easy to use as a travelers phrase book.3 of 5 people found the following review helpful. It's okay, still confusingBy SafetyFanaticMommyI've been to Bali 3 times and it is still hard to follow. It should have better pronounciations.I did better with the Indonesian book, rather than this one too, as everyone speaks indonesian and you don't offend someone speaking the wrong castes.Also, these books would be nicer if they had practical sentence examples rather than the ones they have on here, also, it would help to include example ANSWERS Too! :)
