Gilda Nissenberg : Practice Makes Perfect: Complete Spanish Grammar, Premium Third Edition before purchasing it in order to gauge whether or not it would be worth my time, and all praised Practice Makes Perfect: Complete Spanish Grammar, Premium Third Edition:

65 of 67 people found the following review helpful. Why is this book an incredible bargain for the price? By Drew R. [[VIDEOID:37d4526c273bdf482c5843084db18949]] Complete Spanish Grammar is another book in the Practice Makes Perfect series which happens to be a real bargain for the price.- The book has 26 different chapters- The book also includes over 2,500 exercises to help you learn Spanish- There's even a bonus online section that includes audio and text Like the title of the book suggests, Complete Spanish Grammar is very complete. You will learn topics that are easy to understand such as conjugating verbs in the present tense and the preterit and imperfect tenses (past tenses).

And you will also learn some of the most complicated topics of Spanish grammar such as reflexive verbs and the Spanish subjunctive mood. You'll also learn almost every other Spanish grammar topic imaginable. For example:- Irregular verbs- Stem changing verbs- Ser and estar- Determining when to use the preterit tense vs. the imperfect tense- The future and the conditional- The progressive tenses- The present perfect and the past perfect- The future perfect and the conditional perfect- The passive voice and passive constructions- Not just the present subjunctive but also the imperfect and the pluperfect subjunctive- Commands- Nouns and articles- Adjectives, adverbs, pronouns and prepositions- And a lot more

One feature that I found helpful about this book is that the author includes verb charts that you can quickly use as a reference. But the two things that I like most about this book are: One, the author gives plenty of advice on how to avoid many of the common mistakes that native English speakers make when speaking Spanish. For example, the author points out that in Spanish the English auxiliary verb do is not translated in Spanish and that Spanish does not require an auxiliary verb in order to ask a question. She then gives several examples, including: *Compramos la casa?* Do we buy the house? *Abro la puerta?* Shall I open the door? Two, at the end of every chapter there is a vocabulary section. This is where the author defines all the new words that were taught in that chapter. I found this to be a huge time saver. Since all of the new Spanish words were defined in the vocabulary section at the end of each chapter, I didn't have to look up all the new words in a Spanish dictionary.

In closing, I want to leave you with a list of my favorite three learn-Spanish products available here at : 1. *Easy Spanish Phrase Book NEW EDITION: Over 700 Phrases for Everyday Use (Dover Language Guides Spanish)* Easy Spanish Phrase book. This is an economically priced, handy resource that easily fits into my back pocket. You can conveniently take it anywhere with you when vacationing in a Spanish speaking country in order to have more than 700 phrases in your Spanish-vocabulary arsenal. And unlike so many learning-Spanish books, there is also a section called "Computers and Technology" where you'll find Spanish vocabulary related to modern technology. 2. *Learning Spanish Like Crazy Level 1 CDR - w/ Super Bonus Package - Learn Spanish Speak Spanish - New Improved for PC/Mac - Free Updates for 1 Yr LSLC* is my favorite audio Spanish program because the program focuses on everyday, Latin American Spanish. This is a new and improved version with new content and new native Spanish speakers, and I find it to be much better than the previous version. The program is geared toward the foreign-language learner who wants to eventually achieve fluency in Spanish instead of someone who just wants to learn a few travel phrases. Compared to the other programs that I have used, this one does the best job at teaching you how to develop an authentic sounding Latin American Spanish accent. The program also comes with a very impressive bonus package. 3. *501 Spanish Verbs with CD-ROM and Audio CD (501 Verb Series)* 501 Spanish Verbs. If you think you can accomplish fluency in Spanish as an adult without mastering conjugating Spanish verbs, you are only fooling yourself. This book is an absolute essential resource for learning how to conjugate Spanish verbs.

If you have any questions about *Practice Makes Perfect Complete Spanish Grammar*, please post your questions below and I will do my best to answer your questions.

0 of 0 people found the following review helpful. I like this book a lot. By Amber I like this book a lot, but I think it has weird expectations for vocabulary in the exercises. I spend a lot of time looking up words that maybe aren't the most useful to know just yet (and aren't included as vocab in the book) so I'm able to do the exercises. I also don't really like the true/false or diary bits, so I skip those. Pronunciation help would be useful, but it's not provided in this book (that I've found, anyway). I think you can get pretty far with this book alone, but I think there has to be a better book out there.

1 of 1 people found the following review helpful. Kindle version ... you can't use it as a door stopper. By JAG Kindle format is barely useful (Kindle book read on a tablet). Content presented in table form is barely readable because of the miniscule type. I assume the tables are rendered as images, they don't resize like the regular text. Perhaps you can use the exercise, but only after learning the relevant matter from another book or source.

Build your confidence in your Spanish skills with practice, practice, practice! From present tense regular verbs to double object pronouns, this comprehensive guide and workbook covers all those aspects of Spanish grammar that you might find a little intimidating or hard to remember. *Practice Makes Perfect: Complete Spanish Grammar* focuses on the practical aspects of Spanish as it's really spoken, so you are not bogged down by unnecessary technicalities. Each unit features crystal-clear explanations, numerous realistic examples, and dozens of engaging exercises in a variety of formats--including multiple choice, fill-in sentences and passages, sentence rewrites, and creative writing--perfect for whatever your learning style. Whenever possible, explanations include comparisons you need to understand the basic logic behind the rules and to remember correct usage. This new edition includes: Time-saving vocabulary panels that eliminate having to look words up Advice on how to avoid common mistakes A detailed answer key for quick, easy progress checks Supporting audio recordings, flashcards, and auto-fill glossary available online and via app
