From Pearson : Prentice Hall Atlas of World History before purchasing it in order to gauge whether or not it would be worth my time, and all praised Prentice Hall Atlas of World History:

4 of 4 people found the following review helpful. well done small historical atlas
By California Writer
For its small size, this book is a well produced selection of the most important historical maps in world history. Maps are easy to read, and the text does not overwhelm the maps. Highly recommended.

Very good!

Produced in collaboration with Dorling Kindersley, the leader in cartographic publishing, this updated 2nd edition of Prentice Hall's "Atlas of Western Civilization" applies the most modern and innovative map-making techniques to present global history in all of its complexity and diversity. It presents both a broad overview and a detailed examination of historical developments.
