Serafin Coronel-Molina : Quechua (Lonely Planet Phrasebooks) before purchasing it in order to gage whether or not it would be worth my time, and all praised Quechua (Lonely Planet Phrasebooks):

1 of 1 people found the following review helpful. Surprisingly among the better resources, and the right price!By Benny LewisI had a two month experience living in Cusco and venturing into territories where Quechua was the main language spoken. In both English AND Spanish, I found it hard to come across good resources, which is why this Lonely Planet guide was a huge help. In as much detail as any of their "bigger language" guides, it introduces you to

the language in a fun way, while giving you a basic overview of how it works. This was my main study resource, and while my Quechua was very basic, it was enough to make a quick Youtube video in the language. Highly recommended for those who want just a few words, as well as people who want to go beyond that. 0 of 0 people found the following review helpful. Great little book By sawbones A wonderful introduction to uechua: slow-paced, thorough, readable, and interwoven with cultural information to help the traveler. Low level of intimidation makes it a good choice for the tyro or the casual language-learner. 0 of 0 people found the following review helpful. Four Stars By Customer Very helpful and useful.

Lonely Planet: The world's leading travel guide publisher Trekking in the Andes will give your legs a workout, and this phrasebook will work your conversational skills at the same time. Word up on the Native American language of South America: you don't want to be tongue-tied on a mountain and have to charade 'I have a cramp', do you? Two-way dictionary Guide to pronunciation and phrase-building Understand when someone tells you the time by the sun Practicalities - how to catch a bus or find a doctor Lonely Planet gets you to the heart of a place. Our job is to make amazing travel experiences happen. We visit the places we write about each and every edition. We never take freebies for positive coverage, so you can always rely on us to tell it like it is. Authors: Written and researched by Lonely Planet, and Serafin M Coronel-Molina. About Lonely Planet: Started in 1973, Lonely Planet has become the world's leading travel guide publisher with guidebooks to every destination on the planet, as well as an award-winning website, a suite of mobile and digital travel products, and a dedicated traveller community.
