Rede Ferroviaria Federal S. A., Ministerio dos Transportes : SR 6 Distritos de Producao Brazilian Railroad Maps before purchasing it in order to gage whether or not it would be worth my time, and all praised SR 6 Distritos de Producao Brazilian Railroad Maps:

Double sided oversized folded sheet showing railroad lines in southern Brazil, centering around Porto Alegre, Santa Maria, Cruz Alta, and Rio Grande. There are maps for each of the four production districts with a short description of each district's main products and a list of the stations with the distance between each in kilometers. Xerox quality reproduction.
