Nathan A Lustig : Startup Chile 101: Everything You Wanted to Know About Living, Working and Doing Business in Chile before purchasing it in order to gage whether or not it would be worth my time, and all praised Startup Chile 101: Everything You Wanted to Know About Living, Working and Doing Business in Chile:

Lustig arrived in Chile in 2010 with his company Entrustet as part of the the Start-Up Chile pilot round. After living in Chile for two years, Lustig wrote the book that he'd wished he'd had when he arrived. Updated in 2017, after having lived in Chile for 6+ years, youll get the inside scoop about how to best take advantage of the program and your time in Chile. It's divided into three parts: Startup Chile How to get in, who should apply, the reimbursement process, how to do business in Chile, the entrepreneurial ecosystem, hiring talent, investor overview and more. Culture and Travel Chile culture, banking, internet, cell phones, dating in Chile, conservatism and traveling around Chile, Argentina, Colombia, Bolivia and the rest of South America, Chileans' views of foreigners and more. Santiago City Guide Cost of living, where to live, where to go out, apartment hunting tips, taxis, the metro, buses and more. Whether you're thinking about applying to Start-Up Chile and want to know if the program is right for you or the inside scoop on how to get it. Or you've already been accepted and want to know what to expect, this is the book for you. After reading the book, you'll be ready for Start-Up Chile!
