Streetwise Paris Map - Laminated City Center Street Map of Paris, France - Folding pocket size travel map with integrated metro map including lines stationsThis map covers the following areas:Main Paris Map 1:14,000Paris Metro MapMap of FranceThere are more clichs about Paris than there are tourists at the Louvre, but the fact is that underneath each overused hackneyed clich is a glistening kernel of truth. The City of Light, the City of Love and the City of Romance, familiar platitudes, but once you experience it for yourself you understand why. There is a je ne sais quoi allure to this city that beguiles, but never completely reveals what makes it so universally appealing. Artists, poets, writers, and composers have tried to define exactly what it is about this place, and yet they succeed only to a point. Perhaps it is as elusive as defining love, for to be in Paris entails experiencing love, about someone, something, some place. There is so much to do - you know the big ones, the Louvre, Musee dOrsay, Sacre Coeur, St. Germain des Pres, the Left Bank, the Right Bank, the Arc de Triomphe, the Champs Elyses, the Opra- but dont miss the fun of discovering the small ones, the ones off the beaten path. Nothing like taking your time strolling thru the turn of the century mansion that houses Muse Marmottan then enjoying a caf and patisserie in the museums jewel box caf. Wandering aimlessly is romantic. Getting lost isnt romantic. In fact there are few things that can drain the romance out of a situation faster than realizing that youre hopelessly lost. So take your travel map and put it away if you want to wander, but have no fear that your wandering will turn into a lost odyssey. You can always pull out the STREETWISE Paris Map and get yourself pointed back in the right direction. Paris is not without faults. Sometimes people can be rude, but thats the case anywhere in the world - be it a large city or small village. You get what you give. And in the case of Paris, as with any true love, you accept the flaws with the charms, the weaknesses with the strengths. In the end the true beauty of Paris will surpass any blemish. Life from a Parisian perspective is beautiful. But thats another clich, isnt it? Our pocket size map of Paris is laminated for durability and accordion folding for effortless use.
