Damla Kurklu, Zeynep Yener : StyleCity Istanbul before purchasing it in order to gauge whether or not it would be worth my time, and all praised StyleCity Istanbul:

0 of 0 people found the following review helpful. A gift for my friend By Nicole Lewis from WRW 2006 Australia My friend who is travelling to Istanbul in April adores this book and its detailed information, though the pictures opposite the text did not relate to the text. 0 of 1 people found the following review helpful. Useful, But Heavy and Difficult to Use By Diego Banducci This guide, which is printed on heavy stock, showcases hotels, restaurants and shops in Istanbul, sorted by the city's districts, with photographs of each establishment. Unfortunately, it is sorted by the city's districts, the names of which are somewhat confusing. It does, however, have maps with numbers pinpointing the locations of the establishments. The photographs are of high quality, so that you get a good idea of what the establishments look like. While the paper is of high, but heavy, quality, the binding on my copy soon split from the book. I only started using it towards the end of our visit, but wish I had used it sooner.

This exciting series focuses on the vitality and uniqueness of the world's greatest cities. Each volume is superbly

designed and produced, yet ingeniously practical, with lavish photography, easy-to-read maps, and informed and enjoyable texts. From offbeat cafes and cutting-edge restaurants to the most stylish stores, hotels, and neighborhoods, StyleCity uncovers all the special places where both locals and discerning travelers can find a vibrant urban experience. The guides are divided into two sections: "Style Traveler" identifies the most memorable places to sleep, eat, drink, shop, and relax; "Street Wise" divides the city into neighborhoods and provides convenient area maps.

StyleCity guides are indispensable. -- Town and Country
StyleCity: the destination of choice for the style-conscious traveler. -- Wallpaper
For travelers with twenty-first-century tastes. -- Cond Nast Traveler
