**Robert Kott : Summit, IL (IMG) (Images of America)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Summit, IL (IMG) (Images of America):

0 of 0 people found the following review helpful. History of Summit, Illinois By Lane Stripe I bought this book because I wanted to learn about the antecedents of Route 66 in the Cook County/Chicago area: the Illinois Michigan Canal, the Chicago Alton Railroad and others. The book covers more than this and, being mostly pictures, is too small/brief to cover any single topic in depth or detail. This book is mainly of interest to local historians but not much beyond that.0

of 0 people found the following review helpful. amazing historyBy KateThis book is absolutely amazing!! The pictures in here compare past to present perfectly. Great to see how it all began

Summit, fittingly named after its location astride a rise, was built on that low ridge crossed by travelers seeking a convenient route into Americas interior. As a portal to the North American interior, Summits land has witnessed the travels and pauses of Native Americans, French explorers and missionaries, fur traders, the English, and finally Colonial Americans. To this day, it remains synonymous with unsurpassed transportation advantages, having stimulated considerable commercial, industrial, and urban growth. From its earliest hut to its latest futuristic library, Summit has played an irreplaceable role in the progress of the United States.

About the AuthorRobert Kott, a lifelong Summit resident, is an emeritus member of the Illinois State Academy of Science and president of the Summit Area Historical Society. His writings have appeared in numerous publications, from the Times newspaper of Lyons to Illinois State publications and the journal National Geographic Research.
