Paul Zizka (photographer) : Summits and Starlight: The Canadian Rockies before purchasing it in order to gage whether or not it would be worth my time, and all praised Summits and Starlight: The Canadian Rockies:

2 of 2 people found the following review helpful. AMAZING!!!!By K. StahrIf you've never been to the Canadian Rockies, this book will make you want to! Paul has a way of turning every picture into a unique work of art with his use of angles, the night sky, colors, silhouettes, and emotion. I am continually impressed with his ability to take fantastic ground shots, but then he amazes me even more with his summit shots. I can't imagine lugging photography equipment up any of those rocky peaks. I have been a fan of the Canadian Rockies for quite some time, but after stumbling upon Paul's work, I am forever in love with the magic he presents and gifts us with. His work inspired me to vacation there this past summer. It will always be a trip to remember and I will always be a fan of Paul Zizka.0 of 0 people found the following review helpful. while I think my beautiful, sunny day photos were great for what I ...By CustomerI went to the Canadian Rockies last year and, while I think my beautiful, sunny day photos were great for what I can do, these photos are simply breathtaking and it's also nice to be able to put names to the individual mountains I may not have known/remembered. This book just reinforces my feeling that I just have to make it back to the area some day.1 of 1 people found the following review helpful. Masterful and Absolutely Breathtaking Photos...Gorgeously-Produced Book...I Love it.By hawhI cannot speak highly enough of this inspirational collection of photographs by Mr. Zizka. Every single photo in this book is a masterpiece -- EVERY SINGLE PHOTO. The book itself is beautifully printed and bound. This volume is worth far, far more than its asking price. You don't have to be a photography aficionado to be dazzled by Mr. Zizka's ability to capture the beauty in this world. And, if you are a photographer, your jaw will drop to the floor. This book is a must-buy!

Iconic and classic images of the Canadian Rockies are taken to new heights and completely reimagined in this stunning collection of contemporary photography by Paul Zizka. As a professional photographer and versatile adventurer, Paul has been able to access remarkable backcountry landscapes and dizzying peaks throughout the mountains of western Canada. The result is a collection of images that highlight difficult conditions and hard-to-reach places; alpine sports and backcountry experiences; unusual angles of common mountain subjects; and stars, Northern Lights and dramatic silhouettes. Together, this portfolio represents some of the most breathtaking and unique views of the Rockies to be published in years.

About the Author Paul Zizka is a professional mountain landscape and adventure photographer. His award-winning photos have been featured in a wide variety of publications, including IMPACT, Islands, Skiing.com, Highline, PhotoLife, Fodors.com and explore magazine. In addition to his work for numerous clients, Paul has created over the past few years a signature collection of images for Banff Lake Louise Tourism, which are used to promote Banff National Park throughout the world. Paul also worked with Doug Urquhart of the UpThink Lab on the renowned film project Mountains in Motion: The Canadian Rockies, a time-lapse short that was part of the Banff Mountain Festival World Tour. Originally from Quebec, Paul now lives in Banff, Alberta.
