**Chic Scott, Mark Klassen (with) : Summits Icefields 1: Alpine Ski Tours in the Canadian Rockies** before purchasing it in order to gage whether or not it would be worth my time, and all praised Summits Icefields 1: Alpine Ski Tours in the Canadian Rockies:

0 of 2 people found the following review helpful. Not worth the money. By Michael This book is, for the most part, a waste of money. Nice cover, but the rest of the book not very useful. Words, words, words. Modern guidebooks make more use of photos, while this one just talks and talks - and 80s styled guidebook. 0 of 0 people found the following review helpful. Five Stars By Customer Great book with a lot of information; nice resource to have for trip planning.

RMB is pleased to present the third edition of Summits and Icefields 1: Alpine Ski Tours in the Canadian Rockies, one

of our bestselling guidebooks. Researched and written by legendary alpinist Chic Scott, with the assistance of mountain guide Mark Klassen, this guidebook will continue to be the bible of ski mountaineers in the Rockies. There will be plenty of new tours in the book, particularly in newly developed areas where skiers can grab a few powder turns near the road. Information on other areas will be either greatly expanded or completely rewritten and updated. The entire book will be printed in colour, showcasing many mouthwatering ski images and destinations. Digital shaded maps prepared from satellite imagery will illustrate the routes and terrain and will allow this guidebook to set a new standard for ski guidebooks in North America. The companion volume, *Summits and Icefields 2: Alpine Ski Tours in the Columbia Mountains*, will appear in autumn 2012.

He is the founder of the Canadian Himalayan Foundation and was the initiator of the prestigious Banff Mountain Film Festival.
