Ecuadorians haven't changed in 150 yearsBy CIRO ANDRADEIt is disconcerting to find striking resemblances to our ancestors: wary of the government, frequent violent revolutions where nobody's property or life was safe.I only deplore that the author didn't write the second part he promised if sales were okay.0 of 0 people found the following review helpful. I loved it.By blancaVery interesting and concise. I loved it.1 of 1 people found the following review helpful. A priceless trip to Ecuador as it once was.By A. TetraultOne of the finest and most enjoyable books that I have had the pleasure to read. As someone who has had the chance to hike the Ecuadorian Andes, this book showed me an earlier excursion to the of the same peaks, written by the man who was the first to scale them. Additionally, his own wood block prints illustrate his adventure. Five big stars!

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work.This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and

distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
