**Steve Pike : Surfing in South Africa** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Surfing in South Africa:

This unique guide offers surfers, both local and from abroad, detailed information on over 300 surf spots throughout South Africa. Over and above rating each location and providing information on best times to surf each spot, this guide also offers the following valuable information: \* oceanographic and meteorological information \* information on towns and regions \* food and cultural information \* guide to South African surfing slang \* maps and tables

About the Author Steve Pike is an established journalist and is the editor of Interface Magazine. He is also a die-hard surfer and Webmaster of [www.wavescape.co.za](http://www.wavescape.co.za).
