**From Brand: Routledge : Sustainable Tourism** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Sustainable Tourism:

Sustainable Tourism is vital reading for anyone seeking to understand the complexities associated with sustainable tourism development, and how government and industry have responded to the challenges the concept poses. The major areas addressed in this edited volume are: \* perspectives and issues associated with the concept of sustainable tourism development \* accreditation, education and interpretation, including specific examples such as Green Globe 21, the European Blue Flag Campaign and the WWF's PAN Parks Programme \* sustainable tourism case studies of tourist destination regions, natural areas and tourism enterprises drawn from Africa, Australia, the South Pacific, North America, South-east Asia and the Caribbean An impressive international editorial team has combined to present in this

text not only a variety of perspectives on sustainable tourism development, but also significant insights into barriers, challenges and current industry and government responses to it in various parts of the globe. 'Sustainable Tourism' will be a welcome addition to the libraries of tourism industry professionals, individuals involved in the management of natural areas; tourism policy makers; tourism academics; and students with an interest in the future sustainability of tourism and the industry that supports it.

About the Author Rob Harris is Director of the Australian Centre for Event Management and Senior Lecturer at the University of Technology, Sydney, Australia.
