National Geographic Maps : Sydney (National Geographic Destination City Map) before purchasing it in order to gage whether or not it would be worth my time, and all praised Sydney (National Geographic Destination City Map):

0 of 0 people found the following review helpful. Five StarsBy Linda VitaleThis map was great for a first look at the city.0 of 0 people found the following review helpful. Fantastic detail. Just what we expected from National GeographicBy justplainjeffFantastic detail. Just what we expected from National Geographic!0 of 0 people found the following review helpful. One StarBy HappyJust a map. Overpriced

Waterproof Tear-Resistant Travel MapExplore the vibrant urban life, culture, and natural beauty of Sydney with National Geographic's City Destination map. A detailed street map and inset of Sydney Harbour is featured on the front side of this comprehensive map. Transportation decisions in and around the city are made easier with the inclusion of ferry stops and CityRail, light rail, monorail, and Sydney Explorer stations. Hundreds of points of interest, places of worship, parks, notable buildings, pedestrian areas, hotels, theaters, and more are noted. The reverse side of the map has both a regional map and a diagram of the Sydney Airport. Unlike many city maps, this one also acts as a travel guide with information about points of interest, sites to visit around Sydney, and the many public transportation options. The CityRail map will prove particularly helpful to visitors wishing to travel to most attractions in the city as well as surrounding suburbs.Every Destination Map is printed on durable synthetic paper, making them waterproof, tear-resistant and tough capable of withstanding the rigors of any kind of travel.Map Scale = 1:12,750Sheet Size = 24.75" x 17.75"Folded Size = 4" x 8.75"

About the AuthorFounded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking.Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
