Reise Knowhow : Syria Lebanon 1:600,000 + city plans Travel Map, waterproof, GPS-compatible, 2011 edition, REISE before purchasing it in order to gauge whether or not it would be worth my time, and all praised Syria Lebanon 1:600,000 + city plans Travel Map, waterproof, GPS-compatible, 2011 edition, REISE:

Syria Lebanon 1:600,000 + city plans Travel Map, waterproof, GPS-compatible, 2011 edition, REISE This map is waterproof and tear-resistant, durable enough to survive time spent in the rucksack, pocket or on a restaurant table. It is double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in) with topographic and tourist information. The coverage extends south to include Amman and Jerusalem. Three inset maps show central Damascus and Aleppo (Halab). Clear topographic base has altitude colouring with contours, spot heights, names of mountain ranges. Seasonal rivers and lakes, springs and hot springs are marked. Road network includes seasonal local tracks, gives driving distances on main roads and shows locations of border crossings. Railway lines, local airfields and oil or gas pipelines are also marked. Internal administrative boundaries are shown with names of the provinces. Names of main towns are also shown in Arabic, with all other place names only in Latin alphabet. National parks and protected areas are marked and symbols highlight various places of interest, including

UNESCO world heritage sites, archaeological remains, mosques and churches, castles, etc. Campsites and locations with hotel accommodations are indicated. The map has a grid with latitude and longitude at intervals of 30'. Included are inset plans of central Damascus, with an enlargement for its Old Town, Aleppo and a plan of the Roman remains at Palmyra. The map is indexed, multilingual map legend includes English.
