Gizela Bassa : Syria Lebanon 1:750,000 Geographical Travel Map GIZI before purchasing it in order to gage whether or not it would be worth my time, and all praised Syria Lebanon 1:750,000 Geographical Travel Map GIZI:

Syria Lebanon 1:750,000 Geographical Travel Map GIZIA clear and detailed map of Syria and Lebanon at scale 1:750,000 (1 inch = 11.8 miles). Coverage includes the border areas of the neighbouring countries, extending south to Jerusalem and Amman.The relief is depicted by elevation-tinting and spot heights plus numerous spot heights and graphics for swamps salt flats, deserts, etc.Road network includes local tracks and desert routes. Railway lines are included, local airports are marked; the map also shows oil or gas wells and pipelines. Symbols highlight World Heritage sites, interesting natural sites, etc. Names of Syria's provinces and larger cities are also shown in the Arabic script. Latitude and longitude lines are drawn at 30' intervals. The index is on the reverse. Multilingual map legend includes English and Arabic. Sheet size 100 x 88 cm / 39.5" x 34.5", hard cover. Enlargements at 1:250,000 present in greater detail and clarity the environs of Damascus and Aleppo. Both cities have street plans, each with an enlargement for the historic Old City area, highlighting important administrative, religious, cultural, etc, buildings, selected hotels, car parks, etc. Also provided is a plan of the archaeological site at Palmyra.
