**Michael Haag : Syria Lebanon (Cadogan Guides)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Syria Lebanon (Cadogan Guides):

2 of 2 people found the following review helpful. Useful and entertaining, if you also have another guidebook By A Customer More comprehensive than the Rough Guide, the Cadogan describes cities and sites with humour and insight. For the confident traveller who is also equipped with another guide (like Let's Go or the Rough Guide, both of which are more informative about places to stay and eat), this is a great book to have along on your jaunt through the Levant.

"Amazingly well up-dated and researched. -- The Times (London)"Entertaining companions with sharp insights ... The series has received plaudits worldwide for intelligence, originality and a slightly irreverent sense of fun. -- Daily Telegraph (London)"Cadogan's specialty is uncovering delightful secrets in some of the earth's most traveled spots". -- The Independent"Cadogan Guides have a reputation as the outstanding series for the independent traveler who doesn't want to follow the crowd". -- Daily Telegraph (London)"... evocatively charming and chatty as they are informed". -- New York Daily News"Understated humorous writing". -- New York Daily
