**Grant : Syrian Desert: Caravans, Travel and Exploration (Kegan Paul Arabia Library) by Grant (2007-10-19)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Syrian Desert: Caravans, Travel and Exploration (Kegan Paul Arabia Library) by Grant (2007-10-19):

HodgeChristina Phelps Grant drew upon Roman, Greek, Byzantine, Arabic, and Western sources to produce this splendidly researched volume about the Syrian Desert. I took a copy of this book to Syria 15 years ago and relied on it to plan a trip along the track (now paved) from Palmyra to Resafa. In spite of the publishing date of 1936, it still contains much that is relevant to the Middle East of today. This is a wonderful combination of history, geography, travel, and adventure, recounted in an optimistic and thoroughly engaging style of writing.
