5 of 5 people found the following review helpful. Excellent guidebook!By moslyThis guidebook has everything you'd need to plan a trip to Paris with children - it covers all the major sites grown-ups will enjoy as well. The sections are arranged by area of the city, with all the top attractions listed, along with kid-friendly restaurants and cafes in the same area. There are also listings for pharmacies, hospitals, baby-sitting services, pools, amusement parks, zoos, toy stores, and children's clothing stores. This is by far the most comprehensive guidbeook we've found.

This practical and entertaining guidebook offers in-depth information for major attractions and activities both in Paris and Disneyland. It includes quizzes, challenges, facts, tales and a huge amount of tips to follow.
