Rosie Whitehouse : Take the Kids: South of France (Take the Kids - Cadogan) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Take the Kids: South of France (Take the Kids - Cadogan):

Packed with interesting facts, stories, and suggestions for outings along the French Riviera and beyond--from exploring areas of natural beauty to hanging out in the playground of the rich and famous, this guide has something to suit every budget. Whether the ideal family vacation is lazing on the beach at St.Tropez, skiing in the Alpes-Maritimes (Valberg, Auron), following the march of the Roman army from Nmes to Orange, or sailing off the Corsican coast,

there is plenty of scope here. Just leave a little room for sampling the local cuisine and enjoying a glass of wine or two while the kids have the time of their lives.
