Even with my readers in place!1 of 1 people found the following review helpful. much too small to be useful if you will be driving.By The Wizardor maybe you could attach a magnifying glass to it. texas is a big state, but if you want to use a highway map the only reasonable one is the Rand McNally Large Print (also a part of this order) although (as mentioned by others) the paper tears easily and early.0 of 0 people found the following review helpful.
