Texas brings to mind one sort of country, but Texas is big enough to have a bit of everything. I'm glad I bought it. 1 of 1 people found the following review helpful. Five Stars By Kaygreat pictures of Texas!! perfect for a gift 2 of 2 people found the following review helpful. Beautiful Book! By MissT.BelleBoyd Bought as a gift for someone visiting Texas for the first time. I looked over the book before wrapping it up, and now I want one! Beautiful pics descriptions. The recipient of the gift loved it.

Texas is unique, not only because it is the only state to enter the Union by way of a treaty, but because a clause in that treaty gives Texas the right, in perpetuity, to divide into as many as five separate states. These "Five States of Texas" reflect the remarkable geographic variety of this vast landscape. From the plains and mountains, beaches and deserts, forests and rugged canyons, Laurence Parent captures the beauty of the Texas landscapes, places, and people that are as diverse as its many-faceted culture.

"Parent, a freelance photographer and writer specializing in landscape, travel, and nature subjects, presents a portrait of Texas through color photos of its landscapes, places, and people, including nature scenes, skylines of cities, Spanish

missions, oil rigs, cowboys, and recreational areas." Eithne O'Leyne, ProtoView
