Index for easily locating them. | File size: 71.Mb

National Geographic Maps - Adventure : Thailand (National Geographic Adventure Map) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Thailand (National Geographic Adventure Map):

6 of 6 people found the following review helpful. Durable By Lisa Erskine It is made from thin plastic instead of paper. Because it is plastic it is tear resistant, waterproof and will hold up under travel conditions. It is easy to read and understand. 5 of 5 people found the following review helpful. Good detailed map By Linda A. Scott Bought this map to plan and use on a trip to Thailand this spring, as one I wanted was out of stock. This map is larger and has more detail, and is a good heavy duty quality that looks to be waterproof, a requirement. The only down side is some of the printing is harder to read for my old eyes, as some of the print colors don't have a high contrast. No problem in a well-lit room. 1 of 1 people found the following review helpful. Four Stars By Michael Hudec good for a plane ride, but can't take out to the streets with you Nice map though

Waterproof Tear-Resistant Travel Map National Geographic's Thailand Adventure Map is designed to meet the needs of adventure travelers with its detailed, accurate information and user-friendly design. Hundreds of points of interest that highlight the diverse, unique, and exotic destinations within the country such as national parks and reserves, World Heritage sites, archeological sites, and monuments are noted. The map includes the locations of cities and towns with a user-friendly index, plus a clearly marked road network complete with designations for highways, roads, tracks and trails for those seeking to explore more remote regions. The front side of the print map shows the northern half of the country and extends south to the capital city of Bangkok. Border crossings are noted, as are many sites of interest in the neighboring countries of Laos, Myanmar (Burma), and Cambodia. The reverse side features the southern provinces located on the Malay Peninsula. A constitutional monarchy formerly known as Siam, Thailand is the only Southeast Asian nation to have not been colonized by European powers. Known for its lush island resorts, Buddhist temples, and the vibrant capital of Bangkok, the country offers much more for adventurers willing to explore its diverse ecological regions. Swim with whale sharks, rock climb limestone cliffs, ride an elephant through the jungle, visit the hill-tribes of the north, or just enjoy the hospitality and cuisine of a country known as the land of smiles. Every Adventure Map is printed on durable synthetic paper, making them waterproof, tear-resistant and tough capable of withstanding the rigors of international travel. Map Scale = 1:1,325,000 Sheet Size = 37.75" x 25.5" Folded Size = 4.25" x 9.25"

About the Author Founded in 1915 as the Cartographic Group, the first division of National Geographic, National Geographic Maps has been responsible for illustrating the world around us through the art and science of mapmaking. Today, National Geographic Maps continues this mission by creating the world's best wall maps, recreation maps, atlases, and globes which inspire people to care about and explore their world.
