**Taveepong Limapornvanich : Thailand Sketchbook (Sketchbooks)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Thailand Sketchbook (Sketchbooks):

0 of 1 people found the following review helpful. A must have!!By AnnThis sketchbook contain many marvelous drawing of rattanakosin island in Bangkok and many more. The artist do a very great job on watercolor, composition and variety of place. Personally, I think he's really go crazy on detail, especially the detail on the royal palace and any other temples. I never know Thailand is this beautiful.0 of 1 people found the following review helpful. Perfect for giftBy gpatamaThis sketh book depict many interesting buildings in Thailand. It would be complete if there also have natural place like beaches and island - anyway it will make a very thick book.As a Thai student in abroad. I am pround to have this book to my respect profess3 of 3 people found the following review helpful. This sketchbook is simply sumptuous to look at!By Z HayesHaving grown up in Malaysia and Singapore, I was fortunate to have had the opportunity to visit the neighboring countries, Thailand being one of them. The architecture in Thailand is a remarkable blend of old and new, Eastern and Western influences, all of which are beautifully captured by the 150 paintings and sketches in this book. Being a country with a primarily Buddhist influence, the temples are something visitors will see in passing everywhere...in the cities, and in the countryside. These are gorgeously depicted by the watercolors sketches. Also beautifully depicted, with great attention to detail are the Royal residences, the palaces, the royal barges, and scenes of daily life [the floating markets, city life, Buddhist monks receiving food offerings, elephants and their trainers etc]. The book devotes time to not only Bangkok, but also the North and South of Thailand. A definite feast for the eyes!

Culturally and geographically Thailand is a kingdom of great diversity. Impressive monuments and romantic ruins

mark the influences of long-gone empires.
